“ A body of determined spirits fired by an unquenchable faith in their mission can alter the course of history.”

Jaipur National University aims to create a world of knowledge and learning with a difference. It Strives at excellence to provide pragmatic and useful education. The University is quite sensitive and concerned to impart education to the youth of 21st century. We are going to reshape the future of our great country. A holistic and interrogative mind alone can make the youth competitive and globally acceptable. Education assaults strings of superstitions and taken-for-granted beliefs, and generates a critical and reflective thinking among men and women. Jaipur National University is committed to such a philosophy and intellectual empowerment of young men and women.

Keeping in view our holistic goal, we have created Schools and Departments, incorporating several disciplines and specializations. We have job-oriented programmes of study and research, which include Animation, Hospitality, Engineering, Management, Pharmacy, Life Sciences, Education, Law, Media, Computer and Systems Sciences, Humanities and Social Sciences. Our effort is to equip the students in these domains of theory and praxis. A semblance of the two alone can ensure a balanced intellectual development of a student.

Besides this, we also offer integrated and dual degree programmes in selected disciplines. Since education is an opportunity, which ought to be available to rank and file, we have also started education through Distance Mode. This testifies our commitment towards fulfillment of social responsibility.

Our programmes of study and research are comparable with a world-class university/institution. We have entered into collaborations and agreements with several well-known universities and institutions, including the London School of Business Management, Bond University, Gold Coast (Australia), Lincoln University, California, USA, and Institute for Pre-Service Training and professional Teaching Practice, Germany. We are also seriously engaged in the process of opening of offshore centers at Bangkok, Singapore and Dubai.

The principle of limit does not apply to education. It is not only universal; it is also a desirable means of enlightenment and liberation. We have taken into consideration such a philosophy of education while formulating our programmes of study and in the implementation of the same through classroom teaching, seminars and discussions, and by way of state-of-the-art infrastructure and teaching aids.

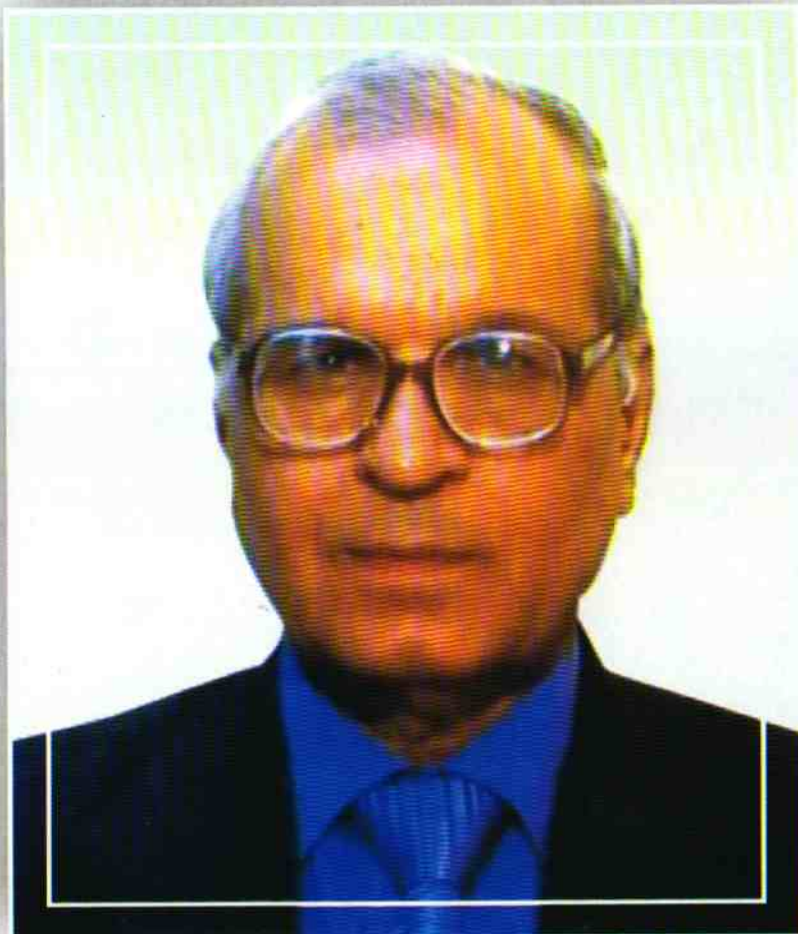

We welcome you to Jaipur National University, a centre of excellence, and a unique place for knowledge and learning.

Mr. Sandeep Bakshi
(Chancellor)

**JAIPUR NATIONAL
UNIVERSITY**

A Venture of the Seeding Group of Educational Institutions

Every academic year provides a lot of joy and satisfaction to the University Community as we have additional hallmarks and innovative paradigms to our credit. The inspection and approval by the UGC and other national regulatory bodies cheered us in the very first year of our existence. In the second year, we received permission of the Distance Education Council and its Joint Committee to launch Various Programmes of study through distance mode. In the beginning of the third year, we had our first Convocation to confer degrees and diplomas on our graduates. The School of Life Sciences continues to be enlisted time among the first fifteen institutions in Biotechnology in India. We launched the Seedling Institute of Media Studies in 2009-10. On 16 October, 2010, We organized our Second Convocation to confer Degrees and diplomas on 860 students, including seven Ph.D. Scholars.

With 6500 students and about 400 faculty members, the phenomenal increase is evidenced in our academic capital. Nearly 300 students are enrolled for M.Phil and Ph.D. programmes. The Schools of Business and Management, Engineering and Technology, Life Sciences and Education started functioning at the New Campus from the last session. A couple of hostels have also been added to the exiting fleet. Now more than 2000 students are availing hostel facility.

Today, the University has libraries at all the three campuses. Facilities for sports and cultural activities are being organized with far more favour and enthusiasm.

We are engaged in making Jaipur National University, an academic dreamland, a superior abode of learning and knowledge, a new Nalanda and Taxila, for our young men and women, who aspire for quality education. The students, who join us, will have a great sense of realization and satisfaction at the University. We fondly welcome you to this brand University.

Professor K. L. Sharma
(Vice-Chancellor)

JAIPUR NATIONAL
UNIVERSITY

A Venture of the Seedling Group of Educational Institutions

Based on the efforts of the Seedling Group of Institutions, namely, seedling Academy of Design, Technology and Management (SADTM) and Seedling Institute of Integrated, Learning and Advanced studies (SIILAS), for imparting professional and technical education, the two institutions were transformed into Jaipur National University by the Government of Rajasthan in October 2007. The University has achieved excellence and high standards of professional education, and offers programmes of study and research at Bachelor, Master and Doctoral levels. A high academic reputation, competent faculty, excellent infrastructure and panoramic surroundings, make Jaipur National University an ideal place for study. Whatever programme you join, your experience would be unique. If you are looking for a platform to develop and attain multifaceted skill-sets, in-depth knowledge, and realization of your dream, then Jaipur National University is the ideal destination for you.

The university offers comprehensive and well-integrated facilities, including academic programmes, extra co-curricular activities, auditoria and beautifully landscaped surroundings. The University has also created excellent facilities, like libraries, avenues for sports and games and cultural activities, which would pave a way for a well-rounded personality of a student. Social and cultural events and activities held at the Campus encourage harmonious interaction among the students.

We have an outstanding faculty and excellent supporting staff. Some of our faculty members are recognized nationally and internationally, based on their published works, and the honours, which they have received in recognition of their scholarship.

As a student you will have invaluable resources to your advantage at, Jaipur National University. We strive to provide you quality education that will lead to a successful career for you. Our caring and experienced faculty and staff are here for your academic and personal development and progress.

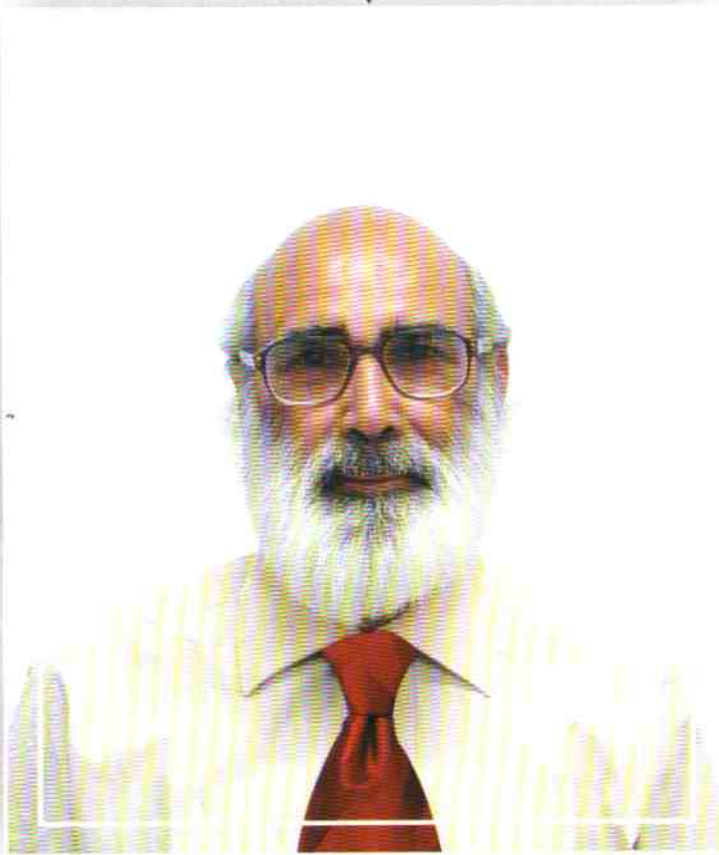

I wish you a great success here, and I hope your education at JNU will prove a milestone for shaping up your future.

Professor H. N. Verma
(Pro-Vice-Chancellor)

**JAIPUR NATIONAL
UNIVERSITY**

A Venture of the Seedling Group of Educational Institutions

Distance Education is now globally recognized mode of education which is in consonance with the changing socio-economic needs and emerging demands of the new knowledge era. One of the great advantages of Distance Learning is that it provides a viable and affordable alternative to the conventional mode of education, especially for those who, for several socio-economic, family and geographic constraints, could not get education despite their high motivation and genuine aptitude for studies, and also for those who do not have time for education through conventional mode because of their personal, professional and family obligations.

To provide increased educational opportunities within an affordable budget, the Jaipur National University has initiated Distance Education programmes.

The advantages include :-

- ❖ Learning at your own pace, speed and convenience.
- ❖ Just-in-time learning; more opportunities to learn the latest and the updated material.
- ❖ Reaching the unreached; reaching those with restricted mobility (handicapped, elderly).
- ❖ Accessibility for those with family responsibilities (parents with young children at home).
- ❖ Exposure to telecommunication technology and access to media-rich learning environment.

Besides the above advantages, standard Self-Learning study materials, effective personal contact programmes, adequate hands-on training for computer practicals, examination centers at convenient places, fixed examination schedule and timely declaration of results are salient features of the programme.

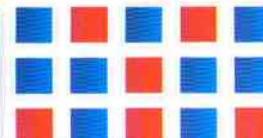

Presently, the School of Distance Education and Learning offers the following UG and PG programmes in the disciplines of Management, Science, and Computer Applications, all of which are duly approved by DEC and the Joint Committee of UGC-AICTE-DEC.

I wish the Distance Learners Happy Learning Experience

Dr. Kripa K. Gautam
(Director, Distance Education)

**JAIPUR NATIONAL
UNIVERSITY**

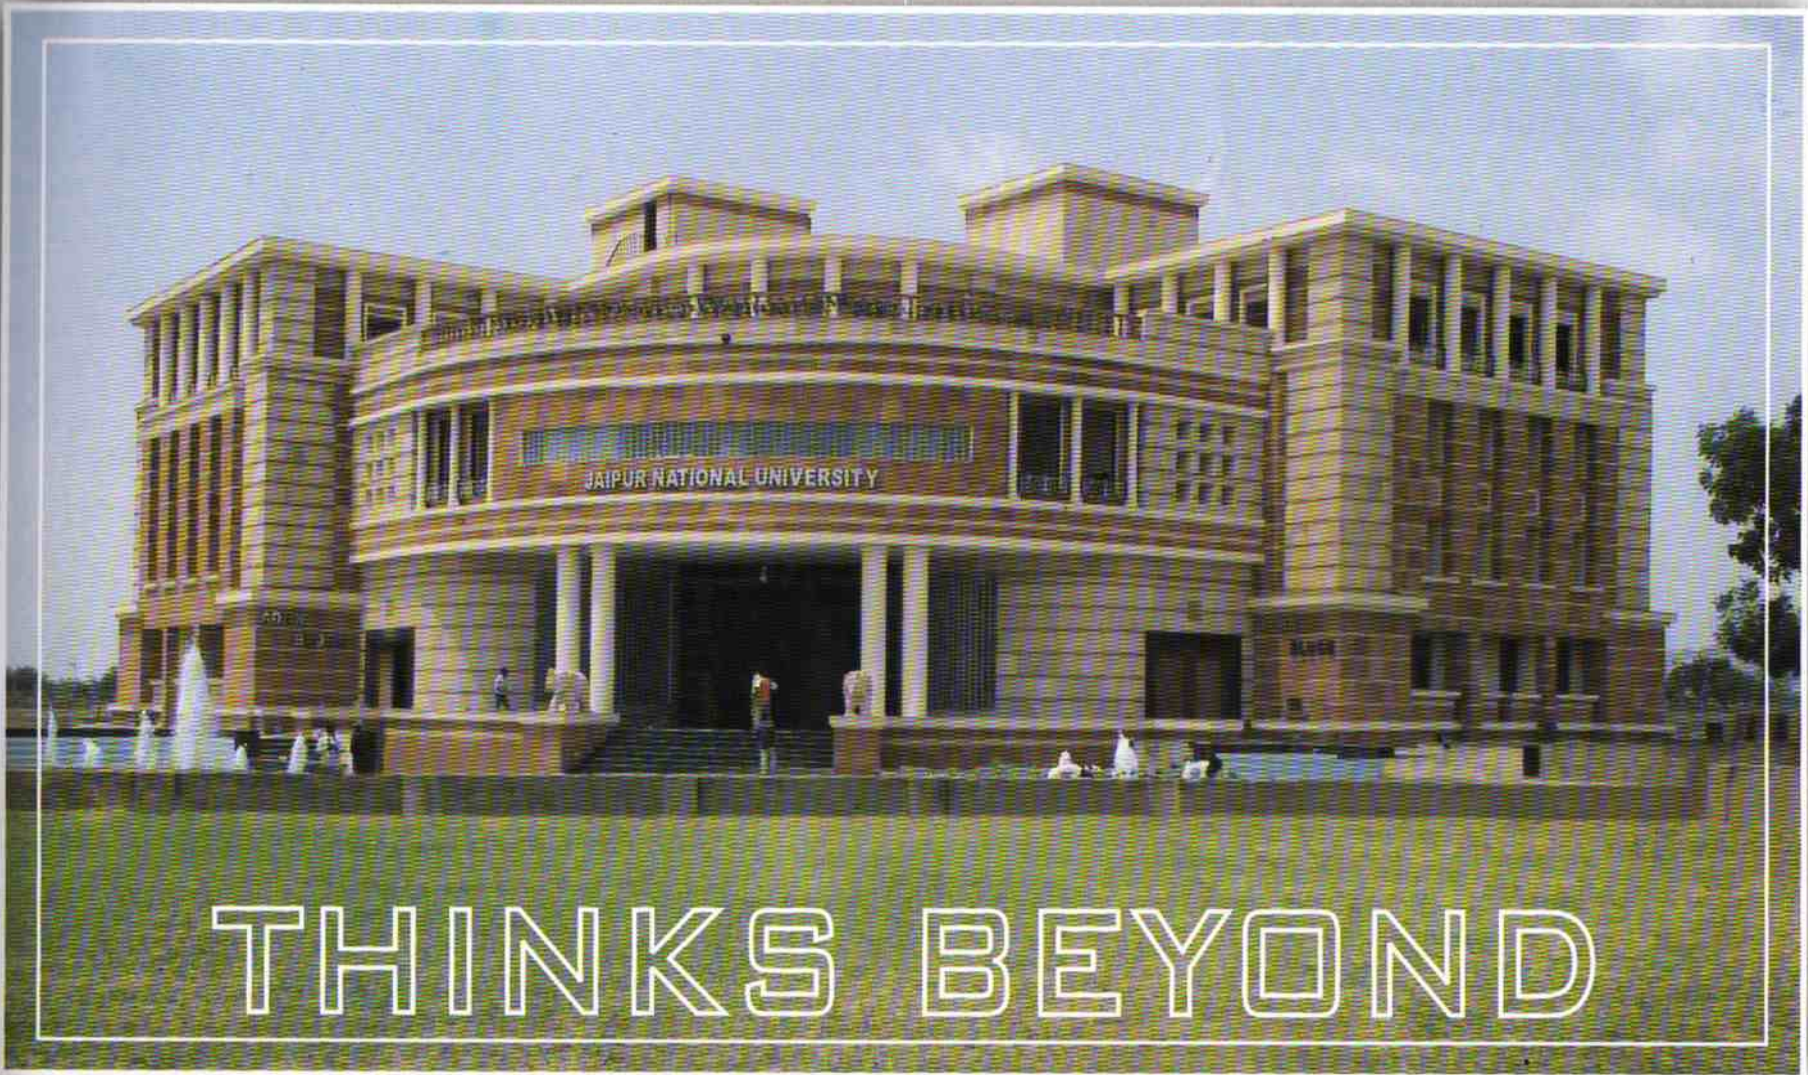

A Venture of the Breeding Group of Educational Institutions

INTRODUCTION

JAIPUR NATIONAL UNIVERSITY

**JAIPUR NATIONAL
UNIVERSITY**
A Venture of the Seedling Group of Educational Institutions

October 22, 2007 was a historic day for Mahima Shiksha Samiti, the Sponsoring Body of the **Jaipur National University**, and for the Seedling institutions of Higher Education, when the Government of Rajasthan announced the establishment of the University. Within a few months, after its formation, the University got approvals and recognition from all statutory national bodies, including the University Grants Commission (UGC), Under the clause 2(f) of its Act of 1956, Distance Education Council and the Joint Committee of the UGC-AICTE-DEC for offering certain programmes through Distance Education mode. Besides these mandatory (DEC) recognitions, the University has earned trust and goodwill of the aspiring students, parents, public and concerned agencies, based on excellence in teaching and sincere emphasis on high standards of research.

Jaipur National University aims to meet the demands of knowledge and learning of life-skills with a difference. Knowledge savvy studies, semester system, ongoing evaluation, advisory system, functional research, integrated dual and joint degree programmes are its salient features. Admissions are offered based on the performance in the Entrance Test, Merit and Interview.

In recognition of JNU's contribution towards creating an educational hub in Rajasthan, Chancellor, Mr. Sandeep Bakshi was conferred with the Vocational Education Entrepreneurship Research (VEER) Award, 2009, by the confederation of Indian Universities, at a function held at India International Centre, New Delhi.

The University at a Glance

The University is located on the foothills of the Aravalis o approximately 50 acres of land at Jagatpura, Jaipur. It has three well-developed campuses, having worldclass infrastructure, including classrooms, seminar halls, laboratories, auditoria, hostels, playgrounds, ATMs, round the clock internet facility, etc.

Jaipur is the capital city of Rajasthan (India). It is a well-known tourist destination for both Indians and foreigners. Its palaces, forts, gardens, museums, arts and crafts, including gems and jewellery industry, are famous throughout the world. Jaipur's medieval town-planing in the walled-areas, pink colour of te market-places and squares, and heritage monuments are soothing for public gaze.

Jaipur is fast emerging as a hub of higher professional education in India on the pattern of Pune, Bangalore and Hyderabad.

Quality education, merit, transparency and fulfillment of social responsibilities are the kernel of **Jaipur National University**. The university is situated close to the centre of the city and the airport. One can reach the university from the main Railway Station and Central Bus Stand within half an hour.

INTRODUCTION

JAIPUR NATIONAL UNIVERSITY

Proximity of Jaipur to Delhi is an added advantage. A distance of 250 kms between the two cities can be covered by the excellent National Super-Express highway No. 8, in four hours. Besides extensive road connectivity, Jaipur is approachable by Rail and Air from all major cities of India, including Mumbai, Ahmedabad, Delhi, Kolkata, Chennai, Bangaluru and Hyderabad.

Though the University is committed to promote employment savvy professional education, it has also created ample space for the study of Social Sciences, Languages, literature, commerce, Science, etc. Thus, in a true sense, Jaipur National University is a holistic institution which aims to serve those who wish to pursue studies in different domain of knowledge.

At present, different Schools and various Departments in 15 Schools organize teaching and research under the supervision and guidance of their respective Directors and Heads of the Departments. The University carries out teaching through the Semester System and has devised an ongoing assessment pattern. A Great deal of emphasis is placed on understanding and articulation (both written and oral) by way of mid-semester tests, home assignments, term-papers, presentation, and development of soft-skills, etc.

INTRODUCTION

JAIPUR NATIONAL UNIVERSITY

The university has devised remedial courses, advisory system, and effective teacher-student interaction, with a view to upgrade skills of the students, scholarships have been instituted for both needy and meritorious students. Thus, the Jaipur National University strives for high quality of teaching, relevant and innovative research, and for fulfillment of its social responsibilities.

It is a matter of great pride and satisfaction that the two batches of M.Sc. (Life Sciences), MBA, PGDM, B.Ed., M.Ed. And M.Phil. students have already graduated from the University and have been awarded degrees also at the two convocations held on January 16, 2010 and October 16, 2010. More than 1300 students have so far been awarded degrees at the two convocations.

All the teaching and research programmes of the Jaipur National University are being conducted in an innovative manner as its 15 Schools.

**JAIPUR NATIONAL
UNIVERSITY**

A Venture of the Seeding Group of Educational Institutions

Academic collaboration at national and international levels provide a unique opportunity to the students and teachers. for international exposure and for broadening of their intellectual horizons.

The Jaipur National University has signed MOUs with the following Universities :

International Academic Tie-ups :

1. Bond University, Australia
2. London School of Business and Management, UK
3. University of Central Lancashire, UK
4. Institute for Pre Service Training and Professional Teaching Practice, Freiburg, Germany
5. British Council, New Delhi, for the BEC Courses of the University of Cambridge, UK
6. Lincoln University, California, USA

The other universities in the lineup are : University of Houston, Texas, USA, and Northern Crop Science Laboratory, Department of Agriculture, Agricultural Research Service, Fargo, North Dakota (USA)

The students of the Hotel Management and MBA/PGDM have already undergone training at London. The third batch of students will soon visit London for one semester hands-on training.

National Academic Tie-ups :

1. Toon Skool, Bangaloru
2. Central Soil Salinity Research Institute, Karnal
3. Indian Institute of Integrative Medicine, Jammu
4. ILS Bioservices USA Inc, R&D, Gurgaon
5. Clinical Research Education & Management Academy (CREMA)

**JAIPUR NATIONAL
UNIVERSITY**

A Venture of the Seeding Group of Educational Institutions

Open & Distance Learning makes lifelong learning possible. Along with an increased access to education, Distance Learning offers convenience, flexibility and afford ability. The benefits of Distance eLearning are innumerable, a few of them are enlisted below :

❖ **Suitable for anyone and everyone**

Student, Businessmen, Professionals, Entrepreneurs, House Wives and any other individual who wishes to pursue higher education while still continuing with what he is doing.

❖ **Self-paced Learning**

The maximum duration of all programmes provides its students enough time to complete programmes. This flexibility is specifically given, keeping in mind that the Distance learning student have other commitments too.

❖ **No constraint of time and place**

Distance Learning allows flexibility to study anytime of the day, be it in the wee hours of the morning, or at late nights. Students may choose to study in the comfort of their homes, while traveling, while they are in the waiting area of a railway station or an airport, or any other place where they wish to.

❖ **Multi-tasking opportunity**

Distance Learning provides multi-tasking opportunity to students. Due to the flexibility and convenience, students have the option to perform all other tasks that they require or wish to, allowing them to fulfill their other responsibilities successfully.

❖ **Dual Degree Option**

Dual Degree means that a student can pursue another programme from any other University. This means that a student can pursue dual degrees and save his precious time.

❖ **Age no bar**

Age no bar for anyone wishing to pursue an Distance Learning programme.

❖ **Increase in Compensation and Promotion Potential**

There is high possibility of increase in compensation or of getting promoted, if one improves his qualification while he is working. Additional qualification gives an edge to an individual over his peers and colleagues.

APPROVALS AND RECOGNITIONS

University Grants Commission (UGC)

Jaipur National University (JNU) is duly recognized by the University Grants Commission (UGC) under the clause 2(f) of its Act of 1956.

Distance Education Council (DEC)

Jaipur National University is accorded Regular Recognition by the Distance Education Council (DEC), an apex body for the Distance learning (ODL) system in the country, and also by the Joint Committee of UGC-AICTE-DEC.
